

Palmetto New Church Development Update

As we approach 6 months of worship together, Palmetto is becoming a growing, caring community of faith. We opened our charter on November 4, 2007 and after two weeks, we have 80 adults signed up as charter members and expect to have 125-150 by December. We plan to charter in May...

We have 8 ministry teams doing the work of the church, offer Sunday school for all ages, and are reaching the greater community through numerous outreach projects. You can review our ministry and download our newsletters by going on our web-site: www.palmettopreschurch.org.

We have 300 folks involved in our ministry, yet the challenge is to get them all here on Sundays! We have contracted with our architects and builders. The design process began with a congregational workshop last week, not to talk about buildings, but to talk about our DNA as a congregation. Soon we will have plans for our church facility to be built on 14 acres in Carolina Park, a new development adjacent to Wando High School.

Please keep Palmetto in your prayers and join us for worship one Sunday, SOON.

Blessings,

Mike Fitze
